Eco Friendly hard surface Cleaner & Sanitizer

Organic formulation – safe in use safe for the environment

Powerful cleaning action to remove stubborn soil build ups

Safe and non toxic for use in kitchens

Readily biodegradable

Fast and effective rinsing to help remove all traces of soils

Introduction

Table & Floor is a new style of detergent made from all organic ingredients. It provides powerful cleaning action on hard surfaces to remove grease oil and dirt build up. Because it is non toxic and non hazardous it is excellent for use in food preparation areas.

Table & Floor also contains an organic sanitizer to help control the return of bacteria after cleaning.

Table & Floor is a versatile non toxic product that can be used both as a floor and wall cleaner, and as a spray and wipe, thus reducing product inventories. Its' neutral formula will often replace much harsher chemicals reducing OH&S issues.

Directions for use

General cleaning of walls, floors etc – Dilute Table & Floor 1 part to 50 parts water. For faster cleaning use warm to hot water. Apply and work into the soils. Allow to penetrate for a few seconds then pick up with a mop or rinse off with fresh water.

For cleaning of heavy deposits around deep fryers etc, dilute 1 part to 10 parts water. Apply in the usual manner and work into build up. Pick up excess with mop then rinse with fresh water.

Safety

This product is considered to be very safe for use, and of low impact to the environment
